Summary

Annually, the California Youth Advocacy Network (CYAN) releases a report analyzing smoke and tobacco-free policies at colleges and universities in the state.

As of May 2022, 70% of California public colleges and universities prohibit smoking and/or the use of tobacco products on all campus property. Of these campuses, 100% of four-year institutions are smoke/tobacco-free compared to 62% of two-year institutions. **This Summary Report highlights smoke and tobacco-free policies at public institutions of higher education in California's rural counties.**

50% RURAL PUBLIC COLLEGES AND UNIVERSITIES ARE 100% SMOKE AND TOBACCO-FREE

PERCENT OF COMMUNITY COLLEGE CAMPUSES THAT HAVE 100% SMOKE AND TOBACCO-FREE POLICIES — COMPARED BY RURAL AND NON-RURAL

Smoke/Tobacco-Free Policy Rationale

Why college and university policies go 100% smoke/tobacco-free:

- Decrease exposure to secondhand smoke and aerosol
- Decrease tobacco product use
- Eliminate tobacco product waste on campus
- Prepare students for a smoke and tobacco-free work environment
- Eliminate exposure to new and emerging tobacco and nicotine products
